

PETITION TO THE HOUSE OF COMMONS IN PARLIAMENT ASSEMBLED

Petition to exclude provincial carbon prices from the application of the Goods and Services Tax (GST)

We, the undersigned residents of Canada draw the attention of the House to the following:

THAT, during the 42nd Parliament, Prime Minister Justin Trudeau repeatedly promised Canadians that carbon pricing would be revenue-neutral for the federal government;

WHEREAS, the Library of Parliament reports that the federal government is collecting hundreds of millions in tax dollars from Canadians each year by charging GST on top of provincial carbon prices;

THAT, collecting GST on top of carbon prices is not federally revenue-neutral, and is not what the Prime Minister promised;

THEREFORE, your petitioners call upon Parliament to immediately eliminate this senseless tax on a tax.
