A Petition to the House of Commons in Parliament Assembled

TO SUPPORT LEGISLATION TO SCRAP THE LONG GUN REGISTRY

Whereas:

1. The long-gun registry was originally budgeted to cost Canadians $2 million, but the price tag spiraled out of control to an estimated $2 billion a decade later,
2. The registry has not saved one single life since it was introduced,
3. The registry is a political pacifier created to give the impression that Canada would be safer for it,
4. Canadian petitioners would rather see their tax dollars keeping guns out of the hands of criminals and gangs, instead of trying to control law-abiding citizens.

Therefore we, the undersigned, call upon the House of Commons to support and pass PMB C-301 and any other legislation which will cancel the Canadian Long Gun Registry and streamline the Firearms Act.
